

Queen Elizabeth's

Grammar School,

Barnet.

FOUNDED 1573.

17th July 1933.

TESTIMONIAL TO W. E. FERNIE.

W. E. Fernie has been a pupil at this School since 1924. He has always been much younger than the average age of his Form and has consistently held a high Form position throughout his School career.

He has Matriculated and is now taking the London University Inter B.Sc., with every prospect of success, at an age a year less than that at which it is usually taken.

He is a little young to be leaving School, but there is no doubt of his first-class ability. He has occupied quite a prominent place in School life, being a School Prefect, a First XV Colour, Secretary of certain School Societies, and, in short, is a useful all-rounder. He has the intelligence and aptitude for work that should take him far.

In himself he is a fellow of excellent character with a pleasant attitude to those with whom he comes in contact.

E. H. Perkins
M.A. (Oxon.)

HEADMASTER.
