TO ALL WHOM IT MAY CONCERN.

Mr. M.J. Mortlock entered our services as a Junior Clerk on August 27th 1934, and has continued with us until the present date.

During the short time of his service with us we have found him to be painstaking and conscientious in his work, and always willing to execute with promptitude and obedience the duties entrusted to him.

He leaves us to accept another position affording better prospects than his position with us offers, and we wish him every success.
