E. H. Jenkins, Esq., M.A.,
Queen Elizabeth's Boys' Grammar School,
Barnet, Herts.

January 15th, 1947.

Dear Jenkins,

Thank you for yours of the 11th instant. If Dr. Harnett agrees, it will, I think, be best for you to prepare a statement setting out your criticisms of the draft plan and the reasons supporting those criticisms. Then to ask the Clerk - in the name of the Governors - to send this statement to the County Architect for consideration by the Education Department, particularly pressing the Department to urge the Ministry to allow the existing regulation to be waived as regards the size of the Refectory.

I see no need for a further meeting, and I will do what I can at County Hall to support the request if you will see that I am furnished with a copy of what is sent to the County Architect.

Yours sincerely,

Chairman of the Governors.

Glad to hear the School Certificate results which, to me, sound very satisfactory. By the way, is a copy of the "Elizabethan" sent to Captain Williams and Mr. Newsom?
