Dear Mr M

On one of my periodic visits to Johnny Clark, the linen draper, who as you know has been very ill for a long time past, he handed me three three pictures which, in turn, had been given to him by Miss Collier, an employe of his of many years standing & a daughter of the late Frank Collier, an old Art Master. They both thought the School might like to have them printed, and I was asked to pass them on to you.

The history of them, I believe, is that they were prepared for the 350th Anniversary Day Celebrations & the prints were sold. If the School has no copies of them & you feel that

There is a wall of a room, cornice or so which
might look the better for having them
hung. I would feel honored to be allowed
to have them framed for the purpose.

If you have a moment to spare - and
I know there aren't many these days - might
I suggest a v. brief note from you to Miss Collier;
her name is: —

Miss J. Given Collier

35 York Rd

New Barnet.

Clark's address is 129 Wood St. Barnet

Please don't bother to acknowledge
this - I shall be seeing you on Wednesday
Yours sincerely
Fred W. Jeffers
